

Application No. 09/996,438
 Filing Date: November 20, 2001
 Docket No. 5724-03-BHJ

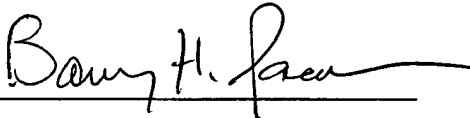

Remarks

Claims 1, 32-33, 35-37, 39-42 and 44-54 are rejected. Applicants traverse the restriction.

Applicants have reverted back to the claims of applicants amendment submitted on April 5, 2004. Accordingly, applicants believe this overcomes the rejections contained in the Office Action of November 26, 2004. Applicants amended claims 1 and 41 and added claims 54 through 56 to further define an embodiment of the present invention. Applicants submit that no new matter has been added by these amendments. Sufficient disclosure can be found on pages 21-22 of the application. Applicants cancelled, without prejudice, claims 51-53.

Should the Examiner have any questions or comments concerning the above, the Examiner is respectfully invited to contact the undersigned attorney at the number listed below.
